

Class 2 News June 2018

We have had a fantastic time working on our Topic - **Chocolate, sweets and all things nice.**

Here are some of the highlights:

We all really enjoyed listening to the story *Charlie and the Chocolate Factory* by Roald Dahl and lots of our English work was based around the book.

Our Science work involved finding out about what makes a balanced diet and the importance of exercise. We also investigated what happened when Skittles were placed in water. The results were amazing!

On one particularly memorable day we were all given a small bar of chocolate and discovered a golden ticket inside! The ticket said a surprise was in store and so it turned out!

A whole host of chocolatey activities were in store including making chocolate dipped marshmallows, making play dough sweets or chocolate bars and enjoying a chocolate fountain.

Here is Sid's recount-

Class 2s Chocolate Extravaganza

On Monday we had a Wonka bar and we all got a golden ticket. On the ticket it said Congratulations a special treat awaits in class 2. I felt excited because I thought we were going on the bus to Willy Wonka's factory but let's just say that is not quite what we did but we did some amazing activities. My favourite was the chocolate fountain. The chocolate was nice and warm and creamy and we got to eat it. I had a mess on my shirt but my Mum didn't mind. It was a lovely day!
