

Class 2 News May 2018

We have had a fantastic time working on our Topic- **Plants and Insects**.

Here are some of the highlights:

We learnt such a lot about bees that we became "bee experts". We even pretended we were bees, collecting nectar from flowers and taking it back to our hive. We learnt to do a waggle dance like real bees do to show the other worker bees where the source of the nectar is. The explanation texts we wrote entitled "How bees make Honey" were fantastic.

We enjoyed looking at the work of Georgia O'Keeffe and produced some beautiful paintings based on her style.

We celebrated our learning with an Ugly Bug Ball!

The masks we made looked amazing and we all enjoyed making and eating Honey cornflake cakes. We invited our parents so they could see all the fantastic things we've been learning about and try out a few too!
