

Robins Class News Autumn B

Our Topic 'Into the Woods' focused on nocturnal animals this half term and we all enjoyed lots of different activities. We learnt lots of facts about Barn owls and wrote some excellent reports all about them. We had a really interesting time dissecting owl pellets and were amazed at what we found inside.

Plop the Barn Owl wrote us a letter asking us to help him. Barn Owl wings are not waterproof and he wanted us to help him find something which would help him stay dry. We tested out felt pens, pencils and wax crayons to see which would be best at keeping out the water then wrote back to him to tell him what we had found out.

Dear Robins Class

Please could you help me?

As you know barn owl feathers are not waterproof and I can't fly very well in the rain. It has been raining quite a lot lately and I am getting very hungry. so I am looking for something that I can put on my feathers to make them waterproof.

I wonder if you could test some things for me to see which one works the best. Please can you try felt pens, pencils and wax crayons.

Please can you write back to me to tell me what you have found out.

Thank you very much

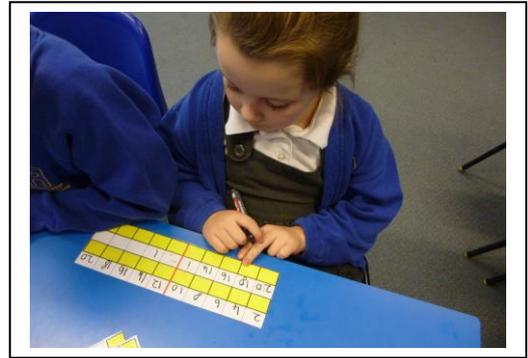

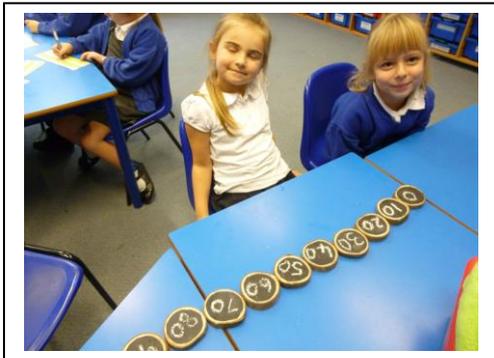

Lots of love from Plop the Barn Owl

In art, we made model hedgehogs and were very pleased with how they turned out. They have been sleeping in our classroom in a special Hedgehog House!

We have been working very hard on our Maths targets to count in 2s, 5s and 10s forwards and backwards.

It was great to share our learning with our grown-ups when they came into school for an open session.
